

A&A TRADING LTD.

Development Engineer

A&A Trading Ltd is currently seeking a self-motivated and organized individual to fill the role of Development Engineer in our Campbell River office. You will be integral to the successful planning and implementation of development within our various forest tenures, while you supervise the associated road building and harvesting activities. Occasional camp work will be required. If you are driven to learn, understand and participate in all aspects of forest management and operations, then A&A is an excellent place for you to further your career.

QUALIFICATIONS:

- A strong leader in safety and environmental stewardship.
- Minimum of 5 years of coastal forestry experience in planning, cutblock layout, mapping, permitting, and road and harvesting supervision.
- A solid knowledge base of applicable legislation and policies.
- Self-motivated individual possessing excellent communication and interpersonal skills who excels working in a team-based, results-oriented environment.
- Registered with the Association of British Columbia Forestry Professionals

A&A Trading Ltd is an independently owned, fully integrated planning, harvesting and log marketing company based out of Vancouver and Campbell River, with operations all along the BC Coast and Vancouver Island that strives to consistently produce high quality log products for our global customer base. A&A is committed to the well-being and professional development of our employees.

A&A offers a competitive salary and benefits package with the opportunity of annual performance bonuses. If you are interested in joining our team, please submit your resume and references to jpollock@aatrading.com by December 8, 2017.

We thank all candidates for their interest; however only those selected for an interview will be contacted.
