

Where ideas work

**Ministry of Forests Lands and Natural Resource Operations
Dawson Creek**

**Senior Authorization Technologist
Salary: \$55,422.02 - \$63,164.54 annually**

As the Senior Resource Technologist, you provide technical expertise and senior technical advisory services to support tenures staff and for other programs in the natural resource sector. A specialist in a field of expertise in Forest Revenue inspections, Forest Cruising, Forest Tenure Administration and Stewardship you support natural resource decision making. You have exceptional skills in interpretation and application of legislation, policy and procedures. You have strong written and verbal communication skills as you will need to draw conclusions, make recommendations and prepare comprehensive reports. If you have experience in natural resource management and performing technical duties we encourage you to apply.

Located in the Peace River District, Dawson Creek has something for everyone. Best known as the Alaska Highway Mile '0' site, [Dawson Creek](#) has many things to explore. There are many opportunities for outdoor recreation, including skiing, fishing, hiking and much more.

Qualifications for this role include:

- Degree, Diploma in natural resource management or a related field, or an equivalent combination of education and experience.
- Registered as a Forest Technologist or immediately eligible for registration as a Forest Technologist with the Association of British Columbia Forest Professionals.
- One or more years' experience working in natural resource management with experience in Forest Revenue, Forest Cruising, Waste & Residue or Forest Tenure Administration. Preference will be given to those that have two or more years' experience.
