Ministry of Forests Lands and Natural Resource Operations – BC Timber Sales

Dawson Creek

Planning Officer

Salary \$61,805.03 - \$77,194.06 annually

BC Timber Sales (BCTS) plans, develops, and sells through auction, a substantial and representative portion of the Province's annual available timber volume. The bid prices received from auctioned timber support the Market Pricing System (MPS) in setting stumpage rates for coastal and interior operating areas of the province. The costs incurred by BCTS also provide data for the Tenure Obligation Adjustments, contributing to another integral part of the MPS.

To find out more about our program check out the BCTS website <https://www.for.gov.bc.ca/bcts/>

Rewarding opportunities exist for experienced professional foresters within the Timber Sales Office. As a Practices Forester, you perform a wide variety of professional and technical services to support the development and operational stages of pre and post Timber Sale Licence awards and active harvest operations within your field team.

A career path in [BC Timber Sales](#) offers exceptional opportunities to develop new solutions to complex problems, to learn and grow personally and professionally.
