

**REQUEST FOR PROPOSAL (RFP)**  
(Sample/Weigh Scaling-Houston Sawmill  
Proposal)

With a history that dates back to the 1930s, Canfor has grown to become a leader in the forest products industry. We are one of the world's largest producers of sustainable lumber, pulp and paper and we are a North American leader in green energy production. What began with two entrepreneurs has grown to become an international team of forward-thinking and committed employees located in western Canada and the southern United States. We are proud of our unwavering commitment to excellence, safety and customer satisfaction, which allows us to safely and efficiently deliver the quality products to our customers around the globe.

Canfor is requesting proposals from qualified scaling contractors for the following project:

Houston Sample and Weigh Scaling

The proposal will be for all Sample Scaling of both MOF and Company samples for the Houston Operation. This will also include manning of weigh scales and measuring of Log Quality on samples taken. All contractor employees must hold a valid BC Interior Scaling License and be experienced in sample scaling and in good standing with Ministry Scaling Staff.

Information regarding all requirements for this project will be as per the Supplemental information that is available in "Request for Proposal" packages. Canfor may reject in whole or in part, any/and or all proposals for any reason after taking into account factors outlined in the RFP.

Supplementary documents for the above project may be picked up at the Canfor Houston Division located at 1397 Morice River Road between the hours of 08:00 and 16:00, Monday through Friday, May 1<sup>st</sup> through to May 14<sup>th</sup>, 2018.

Proposal(s) are to be submitted by 16:00 hours on May 16<sup>th</sup> 2018.
