

CAPACITY FOREST MANAGEMENT LTD.

Working with First Nations

Senior and Intermediate Field Engineers – Burns Lake, Houston or Smithers, BC

Are you ready to expand your career? We are currently recruiting for Senior Field Engineers to provide planning, engineering and supervision services for our First Nation clients. This posting is a senior level position and we will provide training opportunities for permit applications, appraisals, and logging management for the right applicants. We are also looking for Intermediate Field Engineers that want to expand their knowledge and experience in forest tenure planning and management.

THE FIRM:

Capacity Forest Management Ltd. is a Campbell River based forest management company specializing in the management of First Nations Forest Tenures. We are different from other consulting companies as we offer full phase forest tenure management and professional forestry services including: negotiating agreements, operational planning, engineering, permitting, mapping/GIS, logging supervision, planting, and stand tending through to free to grow.

QUALIFICATIONS:

Capacity Forest Management Ltd. is seeking individuals preferably registered or eligible for registration with the ABCFP as a Registered Forest Technologist (RFT) or a Registered Professional Forester (RPF).

SENIOR FIELD ENGINEER - A minimum of 4 years experience in interior engineering is preferred. As a successful candidate for this position, you will possess strong communication skills as well as a proven track record in all aspects of lay-out, permit applications, budgeting, and supervisory skills. Experience working in the Nadina and Skeena Districts is a plus.

INTERMEDIATE FIELD ENGINEER - A minimum of 2+ years experience is preferred. As a successful candidate for this position, you will possess strong communication skills as well as a proven track record in all aspects of lay-out, office work and supervisory skills.

The area of work includes the Babine Lake area, with possible travel to other areas throughout Coastal BC, the southern Okanagan, and northern interior. Shift work may be involved. As an integral part of the engineering team, you will be vital to the expansion of the company's business. Experience in working with First Nations are an asset. This position will be a very dynamic and growth oriented role. Capacity offers a competitive salary and excellent benefits package based on experience as well as a flexible family friendly atmosphere.

APPLICATIONS:

Please apply for either position by e-mailing your resume and cover letter to shanesimard@capfor.ca with Senior Field Engineer Resume or Intermediate Field Engineer Resume as the subject line.

Applications will be accepted until positions are filled.

Capacity Forest Management Ltd. thanks all those who apply for the position; however, only those selected for interviews will be contacted. Applicants with lesser experience may be offered a different position. **Only Canadian residents need apply.**
