

## **We're Growing. Are you?**

**We're building our Mackenzie based Woodlands team. If you're ready to work hard on a dedicated team and have a passion for making a difference, we want to hear from you.**

### **Harvesting Supervisor Apprenticeship Position**

In this role you will be assisting and being trained by experienced forest professionals while undertaking all activities associated with harvesting supervision. This involves the following:

- 8 month term with possibility of extension and opportunity to move into full time position
- Supervision of logging, road construction, maintenance and deactivation, completion of waste assessments, hazard abatement and productivity audits.
- Conventional harvesting techniques, pre-works, legislation, regulations
- Log quality and working with the sawmill and power plant
- Scaling practices and procedures
- Fibre sourcing for the power plant
- Drone training, surveys and assessments
- Layout of spur roads and management of the construction of these roads
- Assist in water operations, unique feature to our operation (about 3 other interior water operations in BC)
- Assist in camp functions for two remote camps, maintenance, fuel
- Excel and other office training , LIMS, Genus, etc

#### **Here's What We Offer:**

- New unique position.
  - Wide and diverse training opportunities with exposure to all aspects of forest harvesting and delivery systems.
  - Further opportunity for advancement.
-

- Skilled knowledgeable professionals that can assist in mentoring and ABCFP registration process
- Negotiable start date

Here's What We're Looking For:

- Education – University Degree or Technical Diploma in Forestry or Natural Resource Management from a recognized forestry program, and be an RPF, RFT, or be eligible to enroll as a Forester-In-Training or Trainee Forest Technologist with the Association of BC Forest Professionals.
- Excellent communication skills, and an ability to work within a team environment.
