

Edgewood Forests Products Inc. based in Carrot River, SK is a forest products company that produces stud lumber for the North American housing and construction markets.

## **Silviculture Forester Job Opportunity**

Edgewood Forests Products Inc. is looking to hire a Silviculture Forester to coordinate Edgewood’s silviculture program. The successful candidate will also assist the Planning team for portions of the year. The position reports to Edgewood’s Planning Superintendent.

**As staff your responsibilities would include, but are not limited to:**

<b>Silviculture</b>	<b>Planning &amp; Operations</b>
Coordinate Silviculture Program	Harvest Cut Block Layout
Seedling Ordering & Planning	Road Layout
Establishment & Free to Grow Surveys	Inspections: (wood quality & volume) Pre-harvest & Reconnaissance
Coordinate Tree Planting Program	Harvest & Log Quality Inspection
Reporting to the Government	Assist in Scaling & Other duties as assigned
Survival Surveys	GPS Data Collection
Other duties as assigned	Road & Bridge Maintenance & Inspections; Road Patrol

**The ideal candidate will possess the following qualifications:**

- Be a graduate of a Forest Science or Related post secondary degree/diploma program
- 3 – 5 years experience in forest or related profession
- Enjoy working outdoors with a strong willingness to learn
- Possess a valid Class 5 driver’s license and standard First Aid Certificate
- Prior Forestry Experience (GPS navigation, surveys, layout, and supervision) is considered an asset.
- Familiar with ArcMap, MS Word, and Excel

**Edgewood Forest Products Inc. is offering a competitive salary to the successful candidate. Please apply with your resume, cover letter and references by July 1, 2019.**
