

WOODLANDS OPERATIONS MANAGER

C&C Resources has sawmill operations in British Columbia, Alberta and Saskatchewan and lumber remanufacturing and bio-energy pellet operations at two locations.

Edgewood Forest Products, the company's Saskatchewan division based at Carrot River, has a modern sawmill which received a \$25 million upgrade in 2016. Employing 150 the mill produces approximately 140 million fbm annually.

The Woodlands Operations Manager will lead a team of three forestry supervisors directing logging, hauling and road construction contractors in two Forest Management Areas with a combined AAC of approximately 600,000 M³ per annum. The total land area is approximately 2.5 million hectares.

The company is seeking a woodlands professional who will be a real 'champion' for well-managed, cost effective and team-oriented woodlands operations.

RPF or RFT designation is preferred but the primary focus is a record of competent leadership in woodlands operations. Excellent computer skills and an aptitude for understanding various phase cost contracting rates are essential.

Carrot River (population 1000) is the preferred residence location but other centres such as Tisdale (population 3,200), Nipawin (population 4,400) and possibly Prince Albert (population 36,000) are potential options.

The remuneration package reflects the importance of this career opportunity.
