- ▶ These are seasonal positions (late April to November) with the potential for winter hours, based on the availability of suitable work. **Note** - candidates with strong silviculture and / or timber development experience will be strongly considered for permanent full-time employment.
- ▶ Jr Silviculture Technician positions are also open to forestry students who are looking for summer employment.

ROLE:

- ▶ As a Silviculture Technician, you will be responsible for applying your technical skills and knowledge when conducting silviculture projects, including planting implementations, silviculture surveys, treatment area layouts, GPS traversing, field assessments, and reporting.

REQUIREMENTS:

- ▶ A minimum of 1 year of direct silviculture work experience for Jr Silviculture Technician positions and 3 years of direct silviculture experience for Sr Silviculture Technician positions.
- ▶ A diploma or degree in a relevant discipline, or currently enrolled in a post secondary forestry program.
- ▶ Silviculture survey experience.
- ▶ Silviculture surveyor accreditation would be an asset.
- ▶ Planting supervision or planting pay plot experience.
- ▶ Broad understanding and implementation of general forestry practices.
- ▶ Timber development experience would be an asset.
- ▶ Valid driver's license, a safe driving record, and possess first aid certification.

IN ADDITION, CANDIDATES SHOULD ALSO DEMONSTRATE THE FOLLOWING QUALITIES:

- ▶ A passion for forestry.
- ▶ Motivated, with a strong work ethic.
- ▶ Experience working outdoors in all weather conditions.
- ▶ Strong communication skills - both verbal and written.
- ▶ Good problem solving and decision making skills.
