

Sr & Jr Silviculture Technicians Salmon Arm and Kamloops, B.C.

Forsite Consultants Ltd, an innovative forest and land management company with 11 locations across Canada, has openings for **Sr & Jr Silviculture Technicians** at our Salmon Arm and Kamloops locations, in the Interior of British Columbia.

At Forsite, we excel at being a flexible, adaptable, people oriented team that offers its employees stability, promotion, and on the job development. We offer challenging and fulfilling careers with industry leading compensation. If you are a forest professional or pursuing a career in forestry and live in, or have a desire to relocate to, **Salmon Arm or Kamloops**, then you will find these positions attractive.

Term:

- These positions are either permanent full-time, seasonal (late April to November), or summer, subject to applicant qualifications, experience, and availability. Applicants with extensive silviculture experience, or timber development experience, will be considered for permanent full-time positions.
- Junior Technician positions are also open to forestry students that are looking for summer employment.

Role:

- As a Silviculture Technician, you will be responsible for applying your technical skills and knowledge when conducting silviculture projects, including planting implementations, silviculture surveys, treatment area layouts, field assessments, and reporting. During the winter, work activities will shift to either office silviculture projects or timber development, including road and cutblock layout, cruising, and timber recce - subject to project priorities.

Requirements (preferred):

- Direct silviculture work experience - 1 year for Jr Technicians or 3+ years for Sr Technicians;
- Planting supervision and/or planting pay plot experience;
- Silviculture survey experience - silviculture surveyor accreditation would be an asset;
- Diploma or degree in a relevant discipline, or currently enrolled in a post-secondary forestry program;
- Registered with the ABCFP or enrolled as a FIT or TFT;
- Timber development experience would be an asset; and
- Valid driver's license and a safe driving record.

Candidates should also demonstrate the following qualities:

- A passion for forestry;
- Motivated, with a strong work ethic, and strong supervisory skills;
- Experience working outdoors in all weather conditions;
- Strong communication skills, both verbal and written;
- Good problem solving and decision making skills; and
- Ability and desire to work in a team environment.

Only candidates selected for interviews will be contacted.
