

## Accredited Silviculture Surveyors Salmon Arm, Kamloops, and 100 Mile House

Forsite Consultants Ltd, an innovative forest and land management company with 11 locations across Canada, has current openings for **Accredited Silviculture Surveyors** at our Salmon Arm, Kamloops, and 100 Mile House locations, in the Interior of British Columbia.

At Forsite, we excel at being a flexible, adaptable, people oriented team that offers its employees stability, promotion, and on the job development. We offer challenging and fulfilling careers with industry leading compensation. If you are an Accredited Silviculture Surveyor and live in, or have a desire to relocate to, **Salmon Arm, Kamloops, or 100 Mile House**, then you will find these positions attractive.

### **Term:**

- These positions are either permanent full-time, or seasonal (late April to November), subject to applicant qualifications and experience. Applicants with extensive silviculture experience, or timber development experience, will be considered for permanent full-time positions.

### **Role:**

- As an Accredited Silviculture Surveyor, you will be responsible for applying your technical skills and knowledge when conducting silviculture projects, including planting implementations, silviculture surveys, treatment area layouts, field assessments, and reporting. During the winter, work activities will shift to either office silviculture projects or timber development, including road and cutblock layout, cruising, and timber recce, subject to project priorities.

### **Requirements (preferred):**

- Accredited silviculture surveyor;
- A minimum of 2 years of silviculture work experience - survey experience preferred;
- Planting supervision and/or planting pay plot experience;
- A diploma or degree in a relevant discipline;
- Registered with the ABCFP or enrolled as a FIT or TFT;
- Timber development experience would be an asset;
- Broad understanding and implementation of general forestry practices; and
- Valid driver's license and a safe driving record.

### **Candidates should also demonstrate the following qualities:**

- A passion for forestry;
- Motivated, with a strong work ethic, and strong supervisory skills;
- Experience working outdoors in all weather conditions;
- Strong communication skills, both verbal and written;
- Good problem solving and decision making skills; and
- Ability and desire to work in a team environment.

**Only candidates selected for interviews will be contacted.**
