
Port Alberni / Cowichan Operations

Senior and Assistant Forest Engineers

We currently have immediate openings for Senior and Assistant Forest Engineers based out of southern Vancouver Island.

These positions are year-round and always local

Senior Forest Engineers

Responsibilities include:

- Ensure that all work is performed safely.
- Participate in or lead forest development projects.
- Manage resources to meet client needs.
- Supervise assistant forest engineers.

Qualifications:

- Post-secondary education in forestry or resource management.
- Registered (or eligible) with the Association of BC Forest Professionals.
- Minimum 5 years of direct forest planning experience.
- Strong working knowledge of forest engineering and timber development, including cutting permit and road permit preparation.
- Experience with ArcGIS, GPS technology, RoadEng, and MS Office.
- A valid BC driver's license.

Assistant Forest Engineers

Responsibilities include:

- Perform all work safely.
- Assist with all aspects of forest planning.
- Maintain high quality data collection standards.

Qualifications:

- Post-secondary education in forestry or resource management.
- Minimum of one year field experience.
- Must be well organized, have good communication skills and be self motivated.
- A valid BC driver's license.
- Experience with Trimble GPS technology, RoadEng, MS Office and ArcGIS is an asset.
