

# Holtom Forestry Consulting

Career Opportunity for Project Manager in  
Williams Lake, BC

**Holtom Forestry Consulting** is a multiphase timber development consulting firm based out of Williams Lake. For the past 15 years we have provided industry, government and private clients with professional quality products.

We currently have a position open for a **Project Manager**.

As a **Project Manager** you would be required to manage the day-to-day operations for one or more projects while identifying and completing higher level aspects such as site plan data collection, steep road layout and bridge crossings and critical fish habitat riparian assessments. This position requires extensive on the ground management of typical multiphase development, designating timelines for mid and final completion dates as well as maintaining healthy, enthusiastic and cohesive team dynamics.

Candidates for this position must provide references, have a valid class 5 driver's license and experience that demonstrates that they have the skill sets and knowledge to be successful in the position. In addition, registration as an RPF and/or RFT is mandatory.

**Wages will be negotiated fairly and will be comparable to similar industry positions with a strong emphasis placed on the amount and applicability of experience.**

**Benefits are 100% paid for by the company after a 3 month trial period.**

**After 8 months the option of being assigned a company vehicle and issued a \$500.00 "signing" bonus will be explored.**
