

Kowalchuk Scaling

Log Scaler

Do you like working outside? Flexible work schedule? Are you good with estimating and calculating? Kowalchuk Scaling based out of Hinton and Edson has an immediate opening for a full-time Log Scaler with salary and benefits commensurate with experience. First priority will be given to those with a valid Alberta scaling license but the company is willing to train the right individual. Timber scalers measure the volume of sample truck-loads of timber and decked trees to provide reliable estimates of harvest timber. The position is responsible for the safe and efficient operation of the wood scaling process. The candidate will ensure the quality of the wood and the dimensions of the logs meets our client's standards. The job requires working with a crew to accurately measure specific log loads, recording measurements and entering information into a data logger. Any candidate that is interested should forward resume to kowal8@telus.net.
