### **Self-loading Log Truck and Log Forwarder Operators**

We are looking for 2 experienced operators to fill 2 full time roles that would involve sharing the operation of a self-loading log truck and log forwarder. We are a relatively new, small, family owned company but we have a significant amount of our own timber and long term contracts. These are very stable positions where someone could make a long term career. We are looking for people who are self-motivated, independent, physically fit and experienced with driving log truck, operating crane, grapple or other logging machinery. We want people who are willing to commit for the long term. We will be purchasing a new truck with enclosed crane, and forwarder for these positions.

We offer industry competitive rates, 12-month year round stable employment for the long term, flexible work environment/hours and the ability to be home every night.

If you would like more information please email: [forestryonline@gmail.com](mailto:forestryonline@gmail.com) or call Ben Wilson at 250 208 4627.
