

Maywayyawk Forestry Services (MFS) is highly motivated to hire a full-time VP & General Manager, ready to make a difference and play a key role in our operations. The job is to be located in White River, however the Board may be willing to consider candidates living within one of the woodshed's communities in Marathon, Hornepayne, Dubreuilville, Wawa, or Manitouwadge, who are willing to travel to White River on a regular basis.

Do you thrive on challenge and are you goal oriented? Looking for an opportunity to flex your leadership skills? Want to be well-compensated and also rewarded for performance? We're looking to this highly-motivated individual to provide leadership and management direction to ensure MFS is a profitable enterprise providing an acceptable return to shareholders while ensuring the company operates and respects its social and environmental responsibilities and policies with a special focus on developing employment opportunities for the Pic Mobert First Nation members.

MFS is 51% owned by the Pic Mobert First Nation and 49% White River Forest Products LP. It is a logging and road maintenance and construction contractor that operates mainly in the White River/Pic Mobert area.

RESPONSIBILITIES:

Reporting to the Board of Directors/Chairman, responsibilities include the duty to:

- Provide leadership to the Company to create a positive environment with the desire to succeed and be competitive.
- Direct management to maximize profits and cash flow for the Company while respecting the need of all stakeholders.
- Develop a positive relationship with the community, government, and customers and in particular the Pic Mobert First Nation.
- Develop annual and strategic business plans and budgets including capital expenditures programs for the Company which include analysis of return on investment, sales projections, and financial proformas and risk analysis.
- Develop and maintain a solid management team and expertise to meet mill budgets and targets and attain the targeted profitability and net cash flow targets.
- Keep President & CEO and Board of Directors informed of all current issues and/or potential issues facing the Company going forward.
- Respect and adhere to Corporate Policies and objectives of the Company.
- Develop and provide employment opportunities for Pic Mobert First Nation members.

SKILLS PROFILE:

- Highly motivated self starter able to work autonomously
- Strong and effective leadership skills
- Proven problem-solving skills, and organizational skills
- Mathematical and analytical skills
- Ability to build a high performing team and work as part of that team
- Flexibility to work in a dynamic, fast-paced environment.

REQUIREMENTS:

- 5-10 years experience in forest management and operations
- Bachelor degree or Diploma in Forestry or Engineering
- Strong business acumen
- Ability to prepare KPIs, budget, and perform cost variance analysis
- Good verbal and written communication skills
- A valid driver's license
- Ability to physically survey operating and cut blocks
- Computer literacy including Microsoft products and GPS technology
- Travel required within the woodshed.

Please send your cover letter and resume to the President of MFS, c/o Kate Welch:
