

Norbord Inc. is a Canadian based company comprising of 17 mills throughout Canada, USA and Europe as the largest global producer of Oriented Strand Board (OSB). Norbord is currently seeking Forestry Summer Students to join our teams in:

- Grande Prairie, Alberta

## FORESTRY SUMMER STUDENT PROGRAM

Norbord Forestry Summer Students work alongside, and under the mentorship of, professional foresters immersing our Summer Students in a wide range of day to day forestry activities. In addition to gaining valuable hands on field experiences, you will possess a greater understanding and confidence with current technologies such as ARC GIS, TRIMBLE and GPS.

Our Summer Students can expect to culminate their summer experience at Norbord with an increased working knowledge of the following:

### **SILVICULTURE**

Planting supervision, tree measurement, and other related silviculture duties.

### **OPERATIONS**

Assist with reclamation, road construction, harvesting and quality inspections.

### **PLANNING**

Contribution to pre-harvest assessments, layout plans and other planning duties.

Qualifications/Experience:

- Enrolled in a Forestry Program at an accredited post-secondary institution.
- Comfortable working and traveling in remote areas.
- Previous forestry, ATV experience or related field work would be considered an asset.
- Valid Driver's Licence.

What Norbord offers:

- Safe work environment.
- Competitive wages.
- Housing at the Grande Prairie Regional College is provided.

Applications may be submitted to [ben.mcmahon@norbord.com](mailto:ben.mcmahon@norbord.com) and [taylor.andersen@norbord.com](mailto:taylor.andersen@norbord.com).
