Forest Technician, entry level Field Assistant Positions

Location: Quesnel, BC

Nortech Forestry Ltd. is a well established and stable company from Quesnel BC, providing timber services since 1988.

Job description and duties:

We currently have full-time experienced and entry-level positions to fill for work in the Quesnel area. Work will consist of carrying out or assisting with reconnaissance work, timber evaluation, block, road and riparian layout and assessment, SP data collection, beetle assessments and other related tasks and associated mapping and office work. Shifts will be Monday-Friday.

Qualifications / Assets:

- Experience in similar work would be an asset
- Should be a safety-oriented, self-motivated team player with strong organizational, verbal and written communication skills
- Excellent field skills, experience or the interest and ability to work in isolated, remote access situations, a willingness and eagerness to learn new skills
- Must possess a valid BCDL with a clean drivers abstract
- Must be physically fit and able to fully perform duties in a variety of weather and terrain conditions, while still retaining a positive and enthusiastic attitude
- Possess good problem solving skills, the ability to change and adapt work plans when appropriate, and the awareness to assess and address hazards or potential hazards
- Map reading skills and the ability to accurately and legibly note measurements, data and map features found in the field; to collect data in a clear, complete and detailed manner
- Experience/ability to learn to use pertinent field/office equipment and related software

A cover letter and detailed resume with references may be sent to: jobs@nortechforestry.com. Please send attachments in PDF format only. All submissions will be treated as confidential.

Resumes may also be faxed to 250.992.8087 or mailed to:
