

# Looking for a career with purpose and passion?

## Forest Ecosystem Protection Technician - Permanent Full-Time

Ministry of Environment  
Meadow Lake, SK

The Ministry of Environment takes a team-based approach to protecting Saskatchewan's environment for the wellbeing of the province, its people and its future. We use science-based solutions and environmental laws to help safeguard communities, and to protect our air, land, water and habitat. We are committed to high citizen and client satisfaction through workplace excellence, continuous improvement and innovation.

The Forest Service Branch is currently seeking a proactive, self-directed, analytical individual with a background in operational planning and forest operations, to fill the role of Forest Ecosystem Protection Technicians headquartered in Meadow Lake.

The Forest Ecosystem Protection Technician will implement policy and procedural changes that ensure forest operational planning and compliance programs support the ministry's shift to a more results-based, service-oriented, regulatory approach. You will be part of a team with field responsibility for approving forest industry operating plans, coordinating and conducting forest operations inspections as well as other regulatory responsibilities which follow the ministry's Compliance Model. Understanding of forest ecology; ability to identify and classify forest vegetation and soils; ability to use and interpret forest cover maps and topographic maps; excellent field orientation using GPS instruments and map/compass; and experience in Geographic Information Systems. You will have knowledge of occupational health & safety regulations and sound judgment regarding personal safety.

**Closing Date:** March 2, 2019

**Competition Number:** ENV001559
