

Prince George - Central Interior Region

Timber Development & Engineering Manager

Location:

Prince George is a city of about 74,000 people located in central British Columbia on the traditional territory of the Lheidli T'enneh. Surrounded by tree-covered hills and a short drive in all directions from the beautiful BC outdoors, Prince George has all of the amenities of a larger city mixed with the charm and friendliness of a smaller town. Prince George is a city of opportunity where you can move up in your career and achieve your educational and home ownership goals.

Opportunity:

We are seeking a Timber Development & Engineering Manager to join our Prince George team. They will play a key leadership role within our existing team of professionals by supporting them in learning, working safely and striving to be "the preferred team to work with". The successful applicant is a hard working individual with a passion for project success. They need to be an effective manager and mentor, and be interested in tackling challenging projects, including client communications & relations. Boots on the ground time with the crew is essential but not on an everyday basis.

Qualifications:

- » Registered with the Association of BC Forest Professionals as an RPF or RFT
- » Experience working in BC's Forestry industry for at least three years
- » Willing to travel & work in remote locations on variable shift schedules
- » Knowledge of harvest & silviculture systems
- » Able to provide great written and verbal communication, who is adaptable and positive towards learning new technologies and processes
- » Proven self-motivator that is well organized and possesses leadership qualities
- » Experience with Project Management; working with budgets & forecasts
- » Experience managing a team (minimum 2 years)

We offer a competitive compensation package with comprehensive benefits that include a coverage of professional dues, company vehicle, safety bonus, profit share program, matching RRSP contributions, and opportunities for professional development.

We pride ourselves on maintaining a **safe, respectful** and fun work environment that promotes values such as teamwork, professional accountability, and work/life balance.

Applications will be accepted until Friday, Nov. 30th, 2018

Please apply with confidence by forwarding your resume and cover letter by e-mail (as an attachment in PDF or MS Word format with "PG Timber Development & Engineering Manager Application" in the e-mail subject line) to employment@snrc.ca.

We would like to thank all applicants for their interest; however, only those considered for an interview will be contacted. For more information regarding this opportunity, please e-mail above address.
