## CAREER OPPORTUNITY!

**Position Title:** Surveyor  
**Employer:** TDB Consultants Inc.  
**Department:** Engineering

**Location:** Prince George, B.C.  
**Job Type:** Permanent, Full Time  
**Posting Date:** June 2017

TDB is aggressively pursuing our vision to expand our consulting engineering services and increase our capacities in Civil and Forest Engineering. To facilitate this, we are seeking to engage a highly capable Surveyor to join our growing team.

### Company Background:

TDB Consultants Inc., is a resource management company providing contracting and consulting services to the resources sectors. TDB specializes in providing Land Management, Geomatics, and Engineering services for the Forestry, Mining, Vegetation, Oil and Gas, Renewable Energy, and Government sectors. Providing quality, customized and innovative solutions to the natural resource community for 30 years, TDB has built a reputation based on integrity, consistency, and excellence.

### Corporate Culture:

Our team members are driven and passionate about achieving TDB's goals. We strive to foster a collaborative and results oriented culture focused on delivery. We value safety, communication and leadership skills in addition to a passion for innovation and strong technical skills.

### Position Summary:

TDB Consultants Inc. has immediate openings for a full-time Surveyor in its Engineering Department for work in Prince George and surrounding areas. The successful candidate will report directly to a Senior Operations Manager.

### Duties and Responsibilities:

1. Surveying and Field Engineering
  - Total station and RTK topographic site plan surveys
  - Road traverse surveys, volumetric surveys, road and bridge stakeout
  - Assist in the calculation, analysis and computation of field measurements
2. Design and Office Engineering
  - Work with a team of technical staff to produce engineering designs and drawings
  - Resource road development planning
  - Stream crossing designs
  - Complete forest hydrology calculations
3. Forestry/Geomatics Support
  - Provide support for forestry crews with block and road development
  - Assist with GIS mapping and data transfers

### Minimum Qualifications

- Technical Diploma in Surveying or Civil Engineering
- Minimum 2-5 years' experience in a related field
- Survey experience pertaining to resource roads, bridges and other structures
- Familiarity with AutoCAD and GIS software
- Team player who is focused on safety, quality, and production
- Physically fit and enjoy working in diverse and demanding conditions
- Able and willing to travel with a valid Class 5

TDB Consultants Inc. offers a **competitive salary** and **comprehensive benefits package**. Compensation will commensurate with experience in addition to the individual's ability to add to our corporate culture.

**Application Deadline:** Applications will be accepted until the positions are filled.
