**POSITION OVERVIEW:**

Under the direction of the Harvesting Superintendent, the Harvesting Supervisor is responsible for all operational activities. The Harvesting Supervisor is accountable to provide input to forest planning, harvesting and hauling, road layout and construction, and block layout in accordance with predetermined key production, safety and financial performance targets ensuring that all Company operations comply with government regulations.

**QUALIFICATIONS:**

- The incumbent must have recognized forestry training or equivalent experience.
- Active Registered Professional Forester (RPF) or Forest Technician (RFT) designation; or be eligible for registration with CAPF or CAPFT;
- The incumbent should possess technical forestry and logging related skills as well as a thorough understanding of forest policy, guidelines and regulations and other applicable forestry legislation.
- The successful applicant is required to be a self-starter with excellent organizational, interpersonal and communication skills, and must possess the ability to work with minimal supervision and changing priorities.
- The ability to pay keen attention to detail is essential and must have working knowledge of standard computer programs.
- The ability to work safely outdoors in an operations environment in all weather conditions.
- The incumbent must be able to operate in a team environment as well as manage relationships with contractors, government agencies, and other outside resources.

**WHY TOLKO:**

- Care for yourself and your family with competitive pay and exceptional benefits
- Work with the best and brightest in the industry
- Live where you work
- Work at a company where safety is a core value
- Be part of a sustainable and environmentally responsible company

Applications will be accepted until the position is filled. [Apply here.](#)

We thank all candidates for their interest; however only those selected for an interview will be contacted.
