

## CAREER OPPORTUNITY

### ***Production Superintendent, Sawmill***

Western Forest Products is currently recruiting for a Production Superintendent, Sawmill for our Alberni Pacific Division, located in Port Alberni, B.C. Reporting to the Sawmill Manager, and as an important member of the management team, your primary responsibility will be to provide leadership and direction to the operation's supervisory personnel.

### ***Description***

You are a highly motivated individual who recognizes the value of a team-oriented approach in the performance of this challenging position. You bring to the job an exceptional safety record and an extensive background in sawmilling and lumber processing.

### ***Skills, Knowledge and Required Competencies***

Ideally, you possess a post-secondary degree in wood products processing with 10 years progressive supervisory experience in the wood products manufacturing sector.

Worker safety is a core value for you, and you continually strive for excellence in this critical area of our business. You possess expert knowledge of wood products manufacturing and you are known for your strong financial analysis and strategic planning skills. You are comfortable with change and managing in a unionized environment.
