

Forestry Term Positions– Weyerhaeuser Timberlands

Summer Positions Available

Weyerhaeuser Timberlands Divisions (Weyerhaeuser Company Limited) are seeking up to **FOUR** or more highly motivated individuals to assist us with our general forestry operations. These positions will run from early May 2018 until the end of August 2018.

Employment Details

The successful candidates will be responsible for assisting our company operations in the areas of Forest Measurements, Silviculture, Harvest and Haul Operations, Operational Planning, and/or Road Development. These developmental opportunities will be based in Drayton Valley and/or Edson, Alberta (Pembina Timberlands), or Hudson Bay, Saskatchewan

Qualifications

We are accepting applications from:

- **Students** currently enrolled in a 2 or 4 year forestry program, where graduating students will only be considered if they are continuing on to further education following summer employment

Additional qualifications are:

- ❖ Strong safety values and behaviors
- ❖ Strong communication and team working skills
- ❖ Physical ability for field work including ATV operation
- ❖ Understanding of sound environmental practices
- ❖ High comfort level with working and traveling in remote forestland areas
- ❖ Previous forestry operations experience would be a significant asset
- ❖ Valid Class 5 drivers license

Compensation

Weyerhaeuser offers a competitive compensation package including benefits. The specific compensation will be commensurate with the experience and capabilities of the successful candidate.

Application Information

Please submit cover letter specifying preference of location and resume no later than Oct 13, 2017, however pay attention to the postings at the schools as we may be on site near you sooner. Please send to the attention of:
