

Whitebark Environmental Consulting

Whitebark Environmental Consulting is a small Forestry consulting company based out of Rocky Mountain House, AB that has been in operation for over 22 years. We specialize in providing forestry related field services to both industry and government clients in southwestern Alberta.

Employment Opportunity: Field Staff Position

We are currently looking to fill 1 seasonal field staff position for the fall of 2018, starting immediately. Projects will include a full range of silviculture surveys, PSP's, QC on surveys, and may include other reforestation/forestry related work including layout. In addition, we are now accepting resumes for the 2019 summer/fall season. As these are field positions, candidates must be physically fit and be willing to work outdoors in all weather conditions. Preference will be given to applicants with experience, but as these are entry level positions, training may be provided to the right candidate with less experience.

The office is based out of Rocky Mountain House but during the summer fall season some remote camp work throughout Southern Alberta will be required. Food and accommodations are provided while in field camps and may be available in Rocky for this position. Camp duties are shared.

Preferred qualifications:

- Forestry background (through schooling or experience)
- GPS/GIS experience (ArcPad/ArcView)
- Current First aid certificate
- Valid drivers license and clean drivers abstract

Compensation will be commensurate with experience and ability.

If you have any questions in regards to or are interested in applying for this position, please submit your questions/resume complete with references and cover letter to:
