- The ideal candidate will be highly motivated and have a safe work attitude.
- Take a lead role in layout and recce projects and client interaction.
- Perform crew supervision and quality assurance.
- Summarize and prepare high quality deliverables to client expectations and specifications.
- A minimum of Five years experience working in timber development.
- Sound knowledge of cable and conventional harvesting practices.
- Registered with the ABCFP.
- Ability to work independently and in crew environment with a willingness to mentor junior staff.

Required Skills:

- Road and cut block layout experience, cable harvesting layout in mountainous terrain.
- Stand evaluation, log product and volume estimation skills.
- Road traversing and appraisal data collection and compilation.
- Stream classification.
- Site plan data collection and compilation.
- Timber Cruising experience an asset.
- Excellent computer, writing, and communication skills.

Head Cruiser:

- We are seeking a head cruiser to manage and lead the cruising department.
- Established as an ATC, ATE or registered with ABCFP.
- Create cruise plans, and final compilations.
- Achieve production and quality goals in an efficient manner.
- Meet with clients for pre-work and deliverables submission.
- Have a minimum of 3 years cruising experience.
- The ideal candidate will be highly motivated, have a safe work attitude, and a willingness to mentor junior staff.
