

A&A TRADING LTD.

Operations Engineer

A&A Trading Ltd is currently seeking a self-motivated and well organized individual to fill the role of Operations Engineer at our Campbell River or Vancouver office. The role and title can be tailored to the experience and aptitude of the successful candidate. You will be immersed in the overall planning and management of tenures owned by A&A Trading as well as those owned by our partners. You will collaborate with your team and partners to ensure a continuous and sustainable flow of timber harvesting and that tenure management goals are achieved. If you are driven to see, learn and participate in all aspects of forestry management and coastal harvest operations, then A&A is where you want to continue developing your career.

QUALIFICATIONS:

- A demonstrated leader in safety and environmental stewardship.
- Minimum of 10 years of coastal forestry layout, mapping and permitting experience.
- Self-motivated individual possessing excellent communication and interpersonal skills comfortable working in a team based, results-oriented environment.
- Registered with the Association of British Columbia Forest Professionals
- Have a solid knowledge base of applicable BC legislation and policies.

A&A Trading Ltd is an independently owned, fully integrated forestry management and log marketing company with offices in Vancouver, Campbell River and Haida Gwaii, with operations all along the coast and Vancouver Island. A&A is an equal opportunity employer that is committed to the well-being and professional development of our employees.

A&A offers a competitive salary and benefits package with the opportunity of annual performance bonuses. If you are interested in joining our team, please submit your resume and references to jpollock@aatrading.com by December 2, 2022.

We thank all candidates for their interest; however only those selected for an interview will be contacted.
