

AV Terrace Bay is an exciting and innovative company operating in the global market of NBSK. Located in Terrace Bay, Ontario, the pulp mill finds itself in a picturesque area of the province on Lake Superior. As part of the Aditya Birla Group, AV Terrace Bay's focus is to produce pulp products. The Aditya Birla Group is a 55 billion US\$ corporation in the League of Fortune 500 companies. With operations in 36 countries, the Group is anchored by an extraordinary force of over 136,000 employees, belonging to 42 different nationalities.

AV Terrace Bay Woodlands operations encompass the Kenogami, Lake Nipigon and Pic River SFL's in Ontario, with an annual harvest level of 1.4 million m³/year, supplying the Terrace Bay pulp mill, 6 sawmill operations and one Veneer mill in the region

Position location: Thunder Bay, Ontario (with travel within the operating area)

AV Terrace Bay Inc. is currently recruiting for a **Management Forester**, to join its Woodlands division.

Job Description:

Reporting to the Woodlands Manager, in this exciting new role, the successful candidate will lead a team responsible for Planning, Certification, Environmental Management Systems and Sustainability across the three forests upon which we operate on. You will work closely with our partners including local forest management companies and First Nations as well as the Ministry of Natural Resources, and other stakeholders. The successful candidate will support operational planning and sit on various working groups and committees to represent our interests on the forest.

Essential Qualifications:

- BSc. Forestry or Forest Engineering Degree
- Registered Professional Forester (RPF) or Eligible to become and RPF in Ontario
- Minimum 5 + years of Forestry Planning experience
- Strong communication and leadership skills
- Highly motivated to collaborate, influence positive change and achieve results
- Microsoft Office skills (excel, word)
- Must hold a valid driver's license

Asset Qualifications:

- Experience working with boards, shareholders, and stakeholders
- Experience working with First Nations
- Experience with Environmental Management Systems (EMS), Certification, and Silviculture
- Experience with GIS and Geomatics

In addition to the challenge and opportunity associated with the position, AV Terrace Bay offers competitive salary and benefits. Applicants interested in working for a progressive, team-oriented company should send their resume in confidence to:
