

Atlas Information Management is an established, full-phase forest consulting company that has been providing forestry services to government and industry for 20+ years.

SILVICULTURE SURVEYORS

We have a great **2022** season outlined with direct award and bid process contracts in hand. We anticipate working into October. These are seasonal positions in silviculture that may lead to full season employment within our forest development department. We want to hire people who are team players, safety-conscious, and energetic. We recognize individuals who respect company equipment and fellow staff, value honesty, a positive attitude, and consistency in work ethic and attendance.

Silviculture Surveyors will work within a team to complete a variety of silviculture surveys in various locations within the southern interior of BC. The position requires mainly field but some office work, and is based out of Kamloops. The work will include some hotel based "camp" work. The company utilizes the latest technology to complete surveys with data collection devices and leading compilation programs.

QUALIFICATIONS

- Post-secondary education with a diploma or degree in Forestry (or currently enrolled);
- Experience with silviculture surveys (e.g. plantability, regeneration, free-to-grow in both single and multi-layered stands) would be an asset;
- Preference will be given to BC Accredited Silviculture Surveyors with at least two years' experience;
- A strong understanding of silviculture and treatments (e.g. brushing, planting, surveying);
- Forestry field experience related to silviculture, forest ecology and forest management;
- A strong work ethic, team oriented and a desire to develop and learn;
- Physically fit and capable of producing in a physically demanding outdoor environment;
- Possess a valid BC Driver's Licence with a clean driving record and experience driving forestry resource roads.
