

Where ideas work

## Ministry of Forests, Lands, Natural Resource Operations and Rural Development

There are two positions available - one in Vernon, one in Revelstoke

### **Engineering Officer** **\$61,182.54 - \$77,067.27 annually**

This position is also posted as a Scientific Technical Officer 24 under Requisition [79864](#)

### **Combine your client service, stakeholder engagement and strategic planning skills in this challenging role**

BC Timber Sales (BCTS) manages about 20 per cent of the province's allowable annual cut for Crown timber, generating economic prosperity for British Columbians through the safe, sustainable development and auction of Crown timber.

BCTS also supports government's commitment to true, lasting reconciliation with First Nations in BC as we move toward fully adopting and implementing the United Nations Declaration on the Rights of Indigenous Peoples and the Calls to Action of the Truth and Reconciliation Commission.

To find out more about our program check out the [BCTS website](#).

The Engineering Officer is focused on planning and managing the engineering program within a Business Area, which includes bridge and major structures, survey, resource roads, and road design. The position also manages budgets, contracts, stakeholder consultation, certification, and public safety. This position is accountable for reviewing and approving engineering activities and ensuring these are in compliance with engineering, environment and legislative standards and requirements, as well as representing the business area during audits of engineering activities.

### **Qualifications for this role include:**

- A degree or diploma in forest engineering, forest management, engineering or equivalent related field and three years of experience in road, bridge and major structures design, construction and maintenance.
- **OR**
- An equivalent combination of education and experience such as five years of experience in road, bridge and major structure design, construction and maintenance.
- Applicants must be registered or eligible for registration with the Association of British Columbia Forest Professionals (ABCFFP) as a:
  - Registered Professional Forester,
  - Or another applicable professional (i.e. PENG) eligible to hold a special practice permit with the ABCFFP.
- Experience in contract and/or project management.
- Experience in managing complex road and/or bridge construction projects.
- Must possess at minimum a valid Class 5 B.C. Driver's License that does not limit or restrict the ability to conduct the duties of the job.
