Timber Pricing Coordinator

\$68,008.54 - \$85,592.73 annually

We are also actively recruiting for a Pricing Business Analysis Forester via [Requisition 81413](#).

Join a dynamic team of forestry management professionals in beautiful British Columbia

The Ministry of Forests, Lands, Natural Resource Operations and Rural Development has a mandate to manage specified Crown land and resources in a manner that embraces the economic, environmental and social goals of government. These results are all essential to improving the global competitiveness of BC industry and our ability to attract private investment and to stimulate economic growth and job creation across the province.

The Regional Operations Timber Pricing Program is explicitly responsible for ensuring that timber measurements, pricing, billing and log export authorizations are conducted correctly. The program is also responsible for implementing policies and procedures to minimize risk and ensure accuracy, while enhancing forest sector competitiveness. Under the direction of the Revenue Officer, the Timber Pricing Coordinator ensures revenue requirements identified in the Legislation, Regulations, Service Plan, policy and procedures are met.

The Timber Pricing Coordinator supervises appraisal staff and directs and monitors the timber pricing activities in the area by developing and implementing regional appraisal procedures and guidelines, ensuring adherence to appraisal policies, reviewing and resolving appraisal disputes, acting as the senior resource person for appraisal issues, preparing reports, analysis and recommendations, communicating with clients and making stumpage rate determinations.

Qualifications for this role include:

- Registered, or immediately eligible for registration, as a Registered Professional Forester with the Association of British Columbia Forest Professionals (ABCFP).
- Bachelor's Degree or Diploma in Forestry, Natural Resource Management, or other directly related discipline as recognized by the ABCFP.
