- Recruit, train and manage performance of staff
- Maintain knowledge of applicable Forestry Legislation
- Ensure all work is completed in accordance with safety rules and regulations
- Manage the forestry budget and oversee all current and upcoming workloads
- Participate in business development activities for the business unit
- Coordinate and oversee multiple staff and projects
- Manage the government submission and approval of harvesting permits, silviculture plans and records for our clients
- Act as the company liaison between Oil and Gas Clients, Forest Industry Companies and Government Agencies (both in AB and BC)
- Conduct market analysis, timber valuation as needed

Qualifications:

- Bachelor's degree or Technical Diploma in Forestry or related field
- 3+ years' supervisory experience
- 10+ years' forestry experience
- Any equivalent combination of education and experience that demonstrates the ability to perform the key responsibilities of this position
- Self driven, strong leader that wants to make a difference in the industry
- Safety conscious
- Strong educational, technical and operational background in forestry
- Ability to plan and coordinate resources
- Cost orientated
- Strong administrative skills
- Strong communication, negotiation and interpersonal skills
- Team player
- Ability to multi-task and is adaptive
- Strong knowledge of applicable forestry and safety legislation

Nature of Work:

- Office and field work

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
