

PLANNING FORESTER – PRINCE ALBERT, SK

THE OPPORTUNITY:

Located at the heart of Saskatchewan's forest industry lies Carrier Forest Products Ltd. We are a family-owned company with a corporate culture built on hard work, ingenuity and collaboration. At the forefront of innovation, we are pioneering technological advances in one of Canada's most stable & grounded industries.

QUALIFICATIONS:

Under the direct supervision of the Woodlands Manager, the Planning Forester is responsible for the long term harvest planning and permit acquisition for all of Carrier Forest Products Ltd. operations in Saskatchewan. This position is located in Prince Albert, Saskatchewan.

The successful candidate will be a self-starter with excellent organization, computer, communication, and team skills. The candidate must have proven skills related to all facets of forestry operations, silviculture practices, forestry planning, permit acquisition and forest policy. Prior experience in management is a definite asset.

This includes, but is not limited to:

- Registered Professional Forester / Registered Professional Forestry Technician (RPF) designation is required. If the candidate is not already registered in Saskatchewan, registration would be necessary to qualify for the position.
- The candidate must have proven skills related to all facets of forestry planning, permit acquisition and forest policy. Experience in GIS is a definite asset.
- Minimum of 4 years related experience preferred.
- Proficient in current technology such as GIS (Geographical Information Systems)
- Experience working with drones would be an asset
- Knowledgeable in current forest legislation
- Proficient in Excel and Microsoft Office

The position will remain open until filled. Salary is commensurate with experience. Interested candidates may submit a cover letter and resume to resumes@carrierforestproducts.ca or fax: 250-563-9371. We thank all those who apply, but only qualified applicants will be contacted.
