

Position Title: Planning Forester

We are currently looking for **Planning Forester** to join our growing team that is based out of our downtown Edmonton office. Candidates must be capable of performing demanding field work in isolated conditions.

Who are we?

Carson Integrated is a well-respected consulting firm of natural resource management professionals who provides environmental, forestry, and GIS consulting services to clients in the Upstream Oil & Gas, Pipeline, Sand & Gravel, Electrical Utility, and Forest industries throughout Alberta. Our team advocates for our diverse client base that provides distinct opportunities, exceptional challenges, and a work environment rich in variety.

Why work with us?

People are our greatest asset! Because of this, we are committed to developing our employees by providing ongoing training opportunities and rewarding performance that exceeds expectations. Our team is made up of a group of people who are friendly and thrive in a busy (and sometimes unpredictable) work environment. Our team members are fearless and unafraid to face and overcome new challenges. Not only do we work hard, but we like to have a good time at events like our infamous annual Bocce tournament or having drinks together at the end of a busy week. We provide our employees with a progressive, flexible, and collaborative work environment, encouraging an entrepreneurial approach to business coupled with the opportunity for success. At Carson Integrated, our people are part of a larger team of diverse professionals committed to excellence.

Learn more about us by visiting www.carsonintegrated.com or by checking out our [LinkedIn](#) and [Instagram](#) pages.

Some things you will be responsible for:

To be successful as a Planning Forester at Carson Integrated, you will have experience with most of these areas and are eager to learn and develop the ones you are missing.

- Development of timber harvest and access planning
- PSP/TSP program coordination
- Supervision of forestry crews across multiple forestry related projects
- Ensuring that personal and crew safety is a priority
- Liaison with clients, government, First Nations, Trappers, oil and gas operators, and other stakeholders
- Managing field data
- Quality assurance/quality control

Experience and skill set to thrive as a Planning Forester at Carson:

- A college diploma or university degree in Forestry
- Alberta RPF or RPFT designation
- 3+ years of forestry planning experience
- Demonstrated competency and leadership capacity in health and safety
- Minimum of 3 years of supervisory experience
- GIS skills with experience using ESRI ArcGIS products
- Superior working knowledge of forestry policy, regulations, and legislation in Alberta
- Excellent organizational and analytical skills
- Solid communication skills

If you are a self-learner, a team player, a problem solver, a self-starter, and have a desire to thrive and grow in an environment rich in variety then email us your cover letter and resume to jobs@carsonintegrated.com

We thank all candidates for their application; however, only candidates selected for an interview will be contacted.
