For 28 years we have been providing professional timber and silviculture services to our clients and are looking for self-motivated and enthusiastic people to join our knowledgeable staff. Currently we are seeking Forestry Technicians.

Duties may include:

- Field surveys for stocking, free growing and walk-through assessments
- Survey Planning
- Planting Implementation
- Detailed Site Assessments
- Silviculture Prescription data gathering and summation
- Timber reconnaissance and planning
- Timber cruising,
- Road and cutblock layout, associated stream and riparian assessments and layout
- SP data collection
- GPS traversing of roads and cut block boundaries
- Office reports and prescriptions
- Other general field and office duties as skills and experience dictate

General Qualifications

- Must follow our company health and safety policies
- Valid Class five driver's license with a clean driver's abstract
- Must be physically fit and be prepared to work outdoors in variable weather conditions
- Clear and legible handwriting and note taking, strong written and verbal communication skills and a sound attention to detail.
- Post-secondary education in Forestry or a related field is an asset.

These are full time positions with wages being commensurate with experience. Please submit resumes **with references** and cover letter in confidence to:
