

GIS Technician - Forestry

Company Profile:

Chu Cho Forestry is a rapidly growing First Nation owned company that is strategically positioned in Northern British Columbia. We primarily manage our own forestry tenures and have plans to expand our consulting business. We offer a dynamic work environment with opportunities to work on a variety of projects. Through strategic hiring, we are expanding operational capacity and looking for talented and motivated individuals who are looking to grow with us.

Career Opportunity:

Chu Cho Forestry is seeking a GIS Technician with experience within the industrial forestry sector. The positions will primarily be office based, with an expectation that field work will be required from time to time to assist field crews. This is a permanent fulltime position out of our Mackenzie BC office. The right candidate will have opportunities to work remotely.

Responsibilities:

- Manage company enterprise data and systems
- Assist with field operations when required
- Produce high quality accurate maps to support operations, enable submissions to government and provide clients with deliverable packages
- Assist with analytical mapping requirements of the Chu Cho Group of companies including environmental analysis and timber harvest opportunities
- Generate and submit reports through ESF and RESULTS
- Assist with long-term planning and obligations using geospatial products
- Manage data in an accurate and well-organized manner

Requirements:

- Training or experience with editing, geo-processing, and querying within an ESRI environment
- Preferably experienced with ArcGIS Pro, Q-GIS, and the ArcGIS Online platform
- Ability to work with and process LiDAR derivatives and LAS point clouds
- Understanding of Model Builder, Python, JavaScript and SQL
- Forest development/engineering and permitting process experience considered an asset
- Fundamental knowledge of interior cruising and appraisal methods, ecotyping, and harvest practices
- Strong written and verbal communication skills, meticulous and dependable.
- A valid Class 5 BC driver's license with a clean abstract
- Physically fit and able to conduct field work in all weather conditions

We wish to thank you for your interest. Please submit your resume and covering letter to:
