

Coastal Natural Resource Management is a growing natural resource firm located in **North Vancouver, BC** that offers the opportunity to work in forestry throughout the province while living in the city. Coastal provides professional services to various clients and specializes in forest engineering and project management. If you are interested in a quality work-life balance with the opportunity to live in the city while working in the forest, then Coastal can provide you with a great opportunity.

Coastal is a dynamic and rapidly growing company that is looking for people to join our growing team as a **Junior Forest Technicians both for summer terms and full time**. Forest Technicians will be responsible for working on natural resource projects. If you want to expand your experience, work with active and motivated people, help grow a young company, and further your career, then Coastal is a great fit for you.

Successful candidates will work in a team atmosphere under the guidance of senior staff members. Successful applicants will be able to demonstrate they meet the following criteria:

- Hold a valid BC driver's licence
- Physically fit and able to withstand the rigors of working in an outdoor environment
- Interested in travel throughout BC
- Well organized with good communication skills
- A working understanding of forest engineering and the forestry business
- A working understanding of GPS and related forestry technologies
- Preference will be given to those who are eligible for enrolment with the ABCFP.

The positions will commence as soon as the applicant is available and compensation packages start at \$21/hr. Please visit our website at www.coastalnrm.ca and apply in confidence by forwarding your resume and cover letter to nmiller@coastalnrm.ca.

These positions are only open to those eligible to work in Canada. We would like to thank all applicants for their interest in the position, however, only those applicants considered for an interview will be contacted.
