

Building a premier next generation forest company.

Conifex Inc. — through astute strategic acquisitions and strong leadership is emerging as a major player in the forestry, sawmilling, and biomass power industry. We value our people and take pride in our successes. Operationally, our approach is to blend technology with the expertise of committed, creative, excellence-oriented people.

FORESTRY SUPERVISOR

CONSIDER THE LIFESTYLE

Mackenzie British Columbia offers a warm and welcoming Northern community with outstanding four season outdoor recreational activities, including fishing, hunting, an extensive all season trail systems, nearby ski hill, and recreational centre with pool and arena. A safe and secure family focused community, with excellent home affordability, modern schools, activity centers, and health facilities on your doorstep.

Investing in our People - Building Our Team

DUTIES:

- Responsible for implementing the operational delivery of key aspects of Conifex's Standing Timber Inventory goals
- Ensure the highest level of workplace safety through implementation of systems, audits and practices
- Supervise direct reporting staff to create a highly functional aligned team
- Ensure compliant with all applicable Occupational Health and Safety requirements, existing legislation and Sustainable Forest Management requirements
- Manage contractor safety, performance, and environmental leadership
- Responsible for information and data integrity related to permitting
- Effective implementation of budgets and cost control
- Assist in the implementation of stumpage savings initiatives including cut block blending
- Responsible for maximizing the benefits accrued through submission of accurate appraisals and ECE's
- Responsible for STI and harvest profile management
- Responsible for the accurate completion and submission of all operational permits: CP/RP/SUP
- Supervise and/or participate in in-house fieldwork (cruising, layout, stream class, ecology)
- Supervise and implement Assessment and Multi-Phase contracts (layout, cruising, ecology, archaeology, streams)
- Liaise with Harvesting staff, government, and external groups
- May need to spend time in logging camps and work a diverse range of hours
- This position may require the ability to undertake long workweeks and fieldwork with unpredictable environmental conditions.

QUALIFICATIONS AND REQUIREMENTS:

- Minimum 2 years' experience across a spectrum of forestry work including cruising, planning, harvesting and silviculture would be considered an asset
- University Degree or Technical Diploma in Forestry or Natural Resource Management from a recognized forestry school and be an RPF, RFT.
- Registered with the Association of British Columbia Forest Professionals
- Demonstrates a sense of urgency and ability to meet deadlines
- Strong work ethic and love of the outdoors

- Excellent leadership and communication skills, project management skills, and an ability to work within a team environment
- Ability to build partnerships with First Nations and stakeholders, and foster trust
- Knowledge of applicable BC legislation and policies
- Self-motivated team player with ability to communicate verbally and in writing
- Strong computer skills and aptitude for forestry-based technologies

We are building our team at Conifex. We value honesty, hard work, accountability, respect, trust, and safety. Just as we are investing in our mills we are investing in our people. Conifex offers respectable training as well as development opportunities.

Applicants will be accepted until the position has been successfully filled.
