

# *COPPER CANYON CONSULTING*

*Forest Engineering & Project Management*

[www.coppercanyon.ca](http://www.coppercanyon.ca)

**COPPER CANYON CONSULTING LTD** is based in Crofton, on southern Vancouver Island. Copper Canyon offers a wide range of services including forest engineering and related project management, timber evaluation, and GIS Mapping. We are a small highly experienced company that functions as an integrated team. We promote professional development and responsibility, with an emphasis on quality of work and safety. Our current scope of projects encompass southern Vancouver Island and the southern Interior.

***We are currently seeking 2 forestry summer students (4-8 month term) to complement our team.***

The preferred applicants are currently enrolled in a post-secondary forestry program.

Applicants must demonstrate the following requirements:

- Be well organized and have good communication skills
- Possess a valid BC driving license (a Drivers Abstract will be required)

This is an excellent opportunity to work with a highly experienced team and to further your timber development qualifications. You will get exposure to both the field and office aspects of timber development and an opportunity to work in various biogeoclimatic zones of BC. On-the-job training will be provided on the use of Trimble GPS systems, ARCGIS, and Lidar data interpretation.

If you believe you possess the necessary skills to meet the requirements of this position please email your cover letter and resume, in confidence, to [\*\*\*inquiries@coppercanyon.ca\*\*\*](mailto:inquiries@coppercanyon.ca). Resumes will be accepted until February 25, 2022.

*Please note: Applicants must be presently eligible to work in Canada.*

*Forestry, with Integrity*
