

Career Opportunity – Forest Planners

Crowhurst Forest Management Group (CFMG) is a well-established and respected forestry consulting firm based in *Campbell River, BC*. CFMG specializes in tenure management, timber valuation, harvesting cost assessments, coastal harvest layout, and silviculture site plans. Working with several stakeholders throughout the coastal forest industry in B.C., we offer a diverse and fast-paced work environment. Our recruitment team seeks applications to fill a role focused on administration duties

At CFMG, we value hard-working and motivated individuals looking to join a dedicated group of professionals. We are committed to the quality of our product and strive to create long-lasting and mutually beneficial relationships with those we work with. The ideal candidate will share these beliefs and aim to become the best version of themselves through dedication and continual learning. We offer competitive wages, benefit programs, and an enjoyable, dynamic working environment. We are willing to train the right candidate if they lack experience in some of the fields listed below but have the attitude and drive to participate in growing and improving their skills and abilities actively.

Ideal Candidate

Intermediate Forest Planner

- A good understanding of coastal road and cutblock layout.
- Familiarity with GPS surveying, data processing, Roadeng and GIS.
- Confident in road traversing and road reactivation surveys.
- Good communication skills.
- Some experience with supervising crews.
- Hard working and a self-starter.
- A valid Canadian driver's license.

Assistant Forest Planner

- Good communication skills.
- Ability to be a team player and work cohesively with others.
- Hard working and willing to learn.
- A valid Canadian driver's license.
- Physically fit.
- Previous experience working in forestry is an asset.
- Current resident of B.C. or Vancouver Island is an asset.
