

Forestry Supervisor (Silviculture) – Mackenzie BC

The Company: Finlay Forest Management specializes in full phase forestry development and management solutions. Our company provides a unique opportunity for a diverse work experience and an exciting career path. We are a joint venture between Chu Cho Forestry, a First Nation owned forestry company which manages Tsay Keh Dene's forestry tenures and KDL Resource Management, a forest management company with extensive experience and expertise delivering a comprehensive suite of high-quality professional forestry services. Our objective is to be the dominant provider of top-quality services to Government, Industry and Indigenous clients within the Mackenzie TSA. Our team offers a challenging and rewarding experience in a respectful, safe, and healthy work environment.

The Position: As our Forestry Supervisor you will play a lead role in supporting forest management activities including Site Plan development, Forest Planning and the implementation of Silviculture programs including but not limited to site preparation/hazard abatement, planting, brushing and survey programs. You will also have the opportunity to assist with developing and updating company policies and procedures. Your responsibilities will have a direct impact on the land base while working for a company that is continually looking to improve our practices while maximizing our economic and social benefit. You will work with First Nations and other stakeholders to adapt our operations to land values. This is your opportunity to join a rapidly growing First Nation owned forestry company that is positioning itself to be a leader in the forest industry.

Skills and Experience:

- Registrant of the ABCFP; preference given to a Registered Professional Forester (RPF)
- 5 years plus of previous experience in related work
- Proficient knowledge of Forest Legislation, Regulations and Guidelines
- Ability to work under pressure with tight deadlines, and attention to detail
- Able to work cooperatively in a team, but also independently with little supervision
- Must operate with professional independence and strong communication
- Excellent verbal and written communication skills using different media
- Demonstrate an ability to think critically and effectively problem solve
- Safe work mindset is required
