

## Lumber Buyer / Custom Cut Manager

Outdoor Living Today (OLT), a division of the Waldun Group, is a highly successful manufacturer of gazebos, sheds, playhouses and pergolas that are distributed throughout North America. Made from Western Red Cedar, their products are functional, durable, attractive and represent good value for their customers.

Due to the significant and continuing growth of OLT, the company has a need for a competent and experienced person to manage their large volume cedar lumber purchasing and coordinate their custom cut program with various sawmill and reman suppliers.

Persons interested in this opportunity will have thorough knowledge of cedar lumber grades and sizes; considerable experience in purchasing of cedar lumber and coordinating cedar reman processes; and be acquainted with many of the cedar sawmills and reman firms. While residence location of the incumbent can be flexible, it should be within the South Coastal or Southern Interior Regions of British Columbia to allow easy access to supplier locations.
