

Accountants

This highly diversified medium sized company manufactures lumber, plywood and value-added wood products at plants on Vancouver Island and in the BC Interior; manages a large sales group that markets wood products around the world; and has a growing trucking business.

Accounting opportunities are currently available at their offices at Metrotown in Burnaby, BC and at their head office in Chemainus on Vancouver Island.

Reporting to the CFO, these accounting positions will provide financial leadership to one or more of the company's growing divisions.

While an accounting designation is preferred, persons at senior levels of the designation program or those with no designation but having years of proven experience are also encouraged to apply. Ideal, but not essential, is experience in wood products manufacturing or sales operations. What is essential is a style that is respectful of others and constantly working to be part of the 'solution'.

This is great opportunity...choice of locations providing the best of west coast lifestyle with a quality and growing employer.

Interested persons should forward resumes or for further information, please contact:
