

## **FINGER-JOINT SUPERVISOR ENGINEERED WOOD PRODUCTS**

Terminal Forest Products (TFP) is one of North America's largest suppliers of Western Red Cedar. The company continually invests in the latest technology to ensure unsurpassed production efficiency, resource utilization and product quality. Customers rely on unparalleled Western Red Cedar products that are consistently above grade.

The incumbent will operate at the South Everson Lumber Company (SELCO), Terminal's state-of-the-art engineered wood products plant at Everson Washington. Everson is 16 miles north of Bellingham, Washington and 9 miles south of Abbotsford, British Columbia.

With support from management, the Finger-Joint Supervisor will supervise the consistent quality of Western Red Cedar finer-joint production.

Preferred candidate qualifications include:

- A safety-first commitment
- A minimum of 3 years of Finger-Jointing experience in a high production facility
- An understanding of the Lisa inventory system or another comparable wood products inventory system
- The incumbent will learn the Microtec Scanner in detail. Training will be provided
- Competent inventory management experience including inbound materials, WIP FJ blocks, Finished FJ blanks
- Experience with employee training; production scheduling; preventative maintenance
- Familiarity with Weinig HS 120 equipment is an asset

A detailed position outline is available upon request.

The company provides a competitive remuneration, travel allowance, employer paid group benefit program and pension plan.

Interested persons should forward resumes or for further information, please contact:
