

## SUPERVISOR – WOOD PRODUCTS

Centurion, a highly diversified company, manufactures commodity and value added wood products on Vancouver Island and in the BC Interior; has a growing trucking business; and manages a sales group that markets wood products around the world.

The Supervisor will be a key person in Centurion's production of oilfield access and crane mats. Produced from west coast hemlock at the Chemainus plant, Centurion's mats are of high quality and in growing demand.

Candidates should have a successful record of supervision in a finished wood products or other industrial environment. Communication and motivational skills and a 'let's-get-it-done' attitude will be of particular interest.

This is a great opportunity. Reside in welcoming seaside communities such as Duncan, Chemainus, Ladysmith or Nanaimo that provide the very best of the west coast lifestyle.
