

SENIOR SILVICULTURE FORESTER

SALMON ARM OR KAMLOOPS, BC

At Forsite we will excel by being a flexible, adaptable, people-oriented business that grows and profits by creating value for our customers and opportunities for our employees. We will apply our skills, knowledge and technologies to be the best forest management company. We value fostering and sustaining an environment of diversity and inclusion where everyone can reach their full potential.

Forsite is looking for a **Senior Silviculture Forester** to be based in **Salmon Arm, or Kamloops, BC**. The Thompson-Shuswap is a destination of choice for families and adventurers with numerous activities year round. Located within an hour of three world class ski destinations, at Revelstoke, Silver Star and Sun Peaks Mountain Resorts, extensive mountain bike trails out your back door, golfing, boating and endless summer activities throughout the region.

WHY FORSITE?

- An annual strategic planning process drives our business. We involve employees across the organization at all levels to gather input; driving accountability to shareholders and senior management.
- Entrepreneurial, business unit structure, regionally based across Canada.
- We offer employees flexible work schedules, a diverse and inclusive workplace, with opportunities for professional development.
- Forsite is a privately owned company, in business for over 35 years.

With 177 employees positioned coast to coast, people are our business. Forsite is looking for a Forestry Professional to help grow our silviculture program to meet overall company growth targets.

The ideal candidate will have a background developing annual operating plans for various government programs and clients, planting implementation, silviculture surveys, prescription development and mentorship delivery, with a minimum of 5 years related experience, registered or eligible to be registered as RPF or RFT with the Association of British Columbia Forest Professionals.

WHO WE'RE LOOKING FOR

WHAT WILL YOU DO?

Sr. Silviculture Forester will be responsible for various silviculture field projects including:

- Liaise with Senior Government;
- Expand Forsite's Silviculture Program;
- Mentor Staff;
- Oversee and Deliver Annual Planting Program;
- and much more
