

About Us

At Forteck, our mission is to provide quality services to the forestry and environmental sectors of Western Canada, while creating a friendly work environment with unlimited opportunities for our employees to learn and grow. Based in Manning and St. Albert, Alberta, our goal is to become the industry leader in our sector, committing to the growth and development of our team both in the field and at home.

The Opportunity

We are looking for a full-time Cutblock Layout that is based in Alberta. This individual will have the opportunity to work across Alberta, with potential of working in Northeastern B.C. and Saskatchewan for future projects.

Qualifications and Experience

- 3+ years of experience working in the forestry sector is required
- Physically fit with the willingness to work under adverse weather and terrain is required
- Valid class 5 drivers license with a clean driver abstract and vehicle is required
- ATV and Snowmobile experience is required
- Knowledge and experience using GPS Units, ArcMap, and Arc Collector is required
- Drug testing will be required
- Independent and driven with a willingness to work alone
- Highly motivated and willingness to work on production-based salary
- Flexible with a willingness to work at varying locations throughout Alberta, B.C, and Saskatchewan
- Forest Technician Diploma or Forester is preferred
- First Aid, WHIMIS, TDG and ATV safety will be required, but can be provided

What We Offer You

- Shift work with flexibility and the opportunity to design your own schedule
- Competitive pay with a production-based salary
- Opportunities to advance your career and develop your management experience

If this opportunity interests you, please send your resume to careers@forteck.ca. Please note that due to a high volume of applicants, only those who are qualified will be contacted to continue through our recruitment process.
