

About Us

At Forteck, our mission is to provide quality services to the forestry and environmental sectors of Western Canada, while creating a friendly work environment with unlimited opportunities for our employees to learn and grow. Based in Manning and St. Albert, Alberta, our goal is to become the industry leader in our sector, committing to the growth and development of our team both in the field and at home.

The Opportunity

We are looking for a full-time Timber Scaler that is based in Alberta. The successful candidate will be working in Whitecourt, Alberta, for this specific project. This individual will be responsible for measuring logs or trees to determine the total volume and inspecting logs for defects to estimate their usable content.

Qualifications and Experience

- A minimum of 2 year of Scaling experience is required (production of 2000 tree length and 2600 cut to length per day)
- Track record of detail and quality from previous work required
- Commitment of continuous year after year employment
- Valid Scaler's Permit is required
- Valid class 5 drivers license with a clean driver abstract is required
- Strong mathematical skills as they pertain to the role is required
- Commitment to providing high quality work consistently is required
- Personable with the ability and passion to maintain strong working relationships with clients and co-workers is required
- Efficient with a detail orientated approach is required
- Drug testing will be required
- First Aid, WHIMIS, TDG and ATV safety will be required, but can be provided

What We Offer You

- Competitive hourly rate
- Opportunities to advance your career and develop your management experience
- A consistent Monday-Friday schedule
- A great team that is always learning and growing together!

If this opportunity interests you, please send your resume to careers@forteck.ca. Please note that due to a high volume of applicants, only those who are qualified will be contacted to continue through our recruitment process.
