

# Operations Supervisor, Right of Way Inspector

Posting End Date: 07/22/2022  
Bulletin Number: BCE-488/2022  
Number of Openings: 1  
Company: FortisBC Inc (Regulated)  
Location: Trail - Esplanade, Kelowna - Benvoulin, Trail - Warfield  
Branch: Electric  
Affiliation: Management & Exempt  
Employment Status: Full-Time Regular  
Job Grade: 3  
Talent Acquisition Associate: Kelsey Van Sickle

We're looking for new talent to join us as we reinvent the future of energy. Across BC, we have a diverse team of more than 2,500 employees we can't do without, yet we're growing as fast as ever.

You may think we're your standard utility that delivers natural gas and electricity, but we're also into cool, innovative energy solutions. Think carbon capture, renewable energies and lower-carbon transportation for a start. We believe in creating a cleaner, healthier tomorrow.

If you like meaningful work, a dynamic environment and forward-thinking colleagues, build your career with us. You'll get opportunities to grow, lead, solve, and create. So what are you waiting for? Let's rethink energy together.

## **Position Overview**

You're a results-driven vegetation management expert with a passion for finding solutions to achieve business objectives while protecting the environment where we live and work. You're safety conscious in all you do and make sound decisions to overcome challenges without putting safety at risk.

As our Operations Supervisor, Right of Way, you'll provide direction for our electric vegetation management program and ensure all processes are followed to protect our electric assets and surrounding vegetation in our maintenance right of ways. You'll use your troubleshooting skills to create safe and effective solutions while overseeing contractors to ensure our work is completed correctly and safely.

We're committed to building a greener future in which we reduce our customers' emissions. We need collaborators, innovators and leaders like you to help us achieve our goal. Join us in re-thinking our energy future.

## **In year 1, you will:**

- Familiarize yourself with FortisBC's electric infrastructure and systems  
Understand the program and reinforce program requirements in high-conflict situations.
- Take on several innovative initiatives to improve our approach and work.
- Be responsible for improving the electric vegetation management program and work closely with vegetation contractors.

### **In year 2, you will:**

- Look for opportunities to improve the efficiency and execution of our work.
- Work collaboratively with internal and external stakeholders on unique initiatives and execute programs that achieve our business objectives and goals.

### **What it takes:**

- Five years of management experience with a focus on natural resource management, forestry, arboriculture, or similar fields.
- Registered as or eligible for registration as a Professional Forester, Registered Forest Technologist or a Professional equivalent.
- Post-secondary diploma or degree of Technology in a related discipline.
- Specialized knowledge related to wildfires, dangerous trees, invasive weeds, etc.
- Experience with financial and budget oversight, including managing costs associated with facilities, vehicles, equipment and third-party contracts and internal service agreements.
- A passion for developing quality solutions with a safety-focused mindset.
- A collaborative and inclusive approach to strengthening connections in the workplace.

Our engaging workplace offers a wide range of challenging opportunities, while being safe, inclusive and diverse. We offer a competitive salary and benefits package, while supporting life-long career development. We also encourage volunteerism and nourish the need to give back to your community.

### **How to apply:**

Please apply online through [www.fortisbc.com/careers](http://www.fortisbc.com/careers).
