Position: Assistant Forest Engineers
Location: Duncan, BC
Job Type: Full Time

Generous Forest Services (Genfor) is a full phase natural resource management company based out of Southern Vancouver Island. Genfor provides forest engineering, silviculture, timber evaluation, geomatics and drone services across coastal British Columbia. Our expanding client base includes community forests, woodlots, tree farm licenses, private land-owners and First Nation tenures. Genfor's mission is to provide professional services while maintaining a safe and respectable work environment for our employees.

Genfor is seeking experienced Assistant Forest Engineers to join our Cowichan Valley team. The ideal candidate will be self-motivated and works well independently or as part of a team in a changing environment.

Qualifications:
- Post-secondary education with a degree or technical diploma in forestry
- Knowledge of forest engineering, timber development and harvest planning
- Experience with Trimble GPS technology, Roadeng , MS Office and ArcGIS
- Understanding of LiDAR and it's office and field application
- Must be well organized, physically fit, and good communication skills
- A valid BC driver's license
- Level 1 Occupational First Aid

Applicants who are registered members, or are eligible for registration,
with the ABCFP as an RFT or RPF are preferred.
